Syed Mustafa Hussain Farhat

has successfully completed the online Specialization

CompTIA PenTest+ (PT0-002)

Congratulations on successfully completing the CompTIA PenTest+ (PT0-002) course! This program has provided you with the essential skills to conduct effective penetration tests, assess vulnerabilities, and ensure organizational networks are resilient against cyber threats. You explored topics ranging from reconnaissance and exploitation techniques to advanced practices like reporting and remediation. This certification recognizes your technical expertise and professional acumen in penetration testing, equipping you to thrive in the cybersecurity industry.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
